**CACHE REPORTS 3 PERCENT COMPARABLE STORE SALES DECREASE IN OCTOBER 2007
Board Approves Additional 500,000 Share Buyback, Increasing the Total Authorization to 1.5 million Shares**

New York, New York – November 8, 2007 – Cache Inc., (NASDAQ: CACH), a specialty chain of women's apparel stores with 296 stores open, which was unchanged from September, reported October 2007 sales figures.

Comparable store sales (sales for stores open at least one year or more) decreased 3% during the 4-week October 2007 period, as compared to an increase of 11% in the prior-year period. Total net sales for the 4-week period ended October 27, 2007 decreased \$0.7 million or 3% to \$20.6 million, as compared to last year. Revenue for the 4-week fiscal 2006 period included \$0.2 million in sales from the former Lillie Rubin chain.

For the 43-week period ended October 27, 2007, comparable store sales increased 2%, as compared to an increase of 5% in the same period in 2006. Total sales of \$216.6 million for the 43-week fiscal 2007 period were unchanged, as compared to last year. Revenue for the 43-week fiscal 2006 period included \$12.7 million in sales from the former Lillie Rubin chain.

Mr. Brian Woolf, Cache's Chairman and CEO commented: "Our October comparable store sales decline of 3% was in line with our expectations and follows an 11% gain in comparable store sales last year. Sales for the month were also impacted by our decision to not anniversary last year's October catalog, this year. During the month, we continued to experience strength in dresses and sustained momentum in our Contour lifestyle collection with total inventory, at month end, down in the double-digit range, on a per store basis. As we begin November, we remain cautiously optimistic. Our comparable store sales for the first 10 fiscal days of the month are positive and we continue to believe we are well positioned to capitalize on the holiday selling season. Underscoring the confidence in our near and long term business prospects is the Board's authorization of an additional 500,000 share repurchase program, bringing our total authorization to 1.5 million shares."

Separately, Cache's Board of Directors approved a new stock repurchase program. This new program increases the Company's current stock repurchase authorization to 1.5 million shares from 1 million shares previously, representing 9% of the current common stock outstanding at June 30, 2007. The Company plans to execute this program through the open market or in privately negotiated transactions, in accordance with SEC requirements. As of October 31, 2007, the Company had utilized \$12.6 million in cash to fund the repurchase of 783,245 shares of common stock.

About Cache, Inc.

Cache is a nationwide, mall-based specialty retailer of sophisticated, social occasion sportswear and dresses targeting style-conscious women. Cache targets women between the ages of 25 and 45 who have a youthful attitude, are self-confident and fashion-conscious, and require a missy fit. We operate 296 Cache and Cache Luxe stores, primarily situated in central locations in high traffic, upscale malls in 44 states, the Virgin Islands and Puerto Rico.

Certain matters discussed within this press release may constitute forward-looking statements within the meaning of the federal securities laws. Although Cache, Inc. believes the statements are based on reasonable assumptions, there can be no assurance that these expectations will be attained. Actual results and timing of certain events could differ materially from those projected in or contemplated by the forward-looking statements due to a number of factors, including, without limitation, ability to successfully open new stores, introduction of the Cache Luxe concept, dependence on management, dependence on vendors and distributors, reliance on foreign manufacturers, material weakness in our internal controls, industry trends, merchandise and fashion trends, competition, seasonality and changes in general economic conditions and consumer spending patterns, as well as other risks outlined from time to time in the filings of Cache, Inc. with the Securities and Exchange Commission.
